

# ATTENTION ALL STUDENTS

The Office for Biomedical Research & Training  
MBRS-SCORE\*, MARC -U- STAR\*\*, & RISE\*\*\*

Presents:

## "There and back again: A Graduate Students Tale of Mystery, Magic and Intrigue"

**Michael Wright**, Emory University/former RISE Scholar

How did I get here? I ask myself that all the time. I will discuss my comings and goings in life, the lessons I learned while doing so, how those lessons have helped me in my current graduate work and how I will continue to apply them to my future career in academia. Furthermore, I will discuss how I am trying to be successful as a graduate student. Finally, I will conclude with a discussion of my thesis project, in which I am using a hybrid physiological and modeling approach to understand how we execute rhythmic motor behaviors such as walking and breathing.

Thursday, **November 1, 2007**

**4:00 p.m. to 5:30**

**Commons 206**

*Refreshments will be provided*

The MBRS-SCORE\* (Support of Competitive Research), the MARC-U-STAR\*\* (Minority Access to Research Careers-Undergraduate Student Training in Academic Research), and the RISE\*\*\* (Research Initiative for Scientific Enhancement).
